Shown reclined with power headrest

Magnetic side mounted remote
& USB charging ports

With a weight capacity of 400 lbs. and a design to accommodate taller loungers up to 6'8", the MM-5401 is a durable and luxurious power recliner. With our "advanced" single-motor three-position mechanism, the leg rest fully extends before the back begins to recline when toggling down on the remote. Further customize your comfort with our power headrest function. Stay connected and refreshed with USB-C and USB-A charging ports and cup holders in each pull-out armrest. And enjoy easy access to the hand control with magnetic holders on either side of the chair depending on your preference.
